# Who We Are

We aspire to support individuals with learning disabilities, their families and friends

Our core values shape everything we do:

- ♥ **Respect**
- ♥ **Love**
- ♥ **Community**
- ♥ **Spirituality**

## ABOUT US

St Joseph's has worked with and supported children, adults and families with learning disabilities since 1977. An agency of the Roman Catholic Diocese of Westminster, we are based in Hendon, North London, where we run an Activities Centre providing vocational, life skills, therapeutic and leisure courses for about 140 students.

We also work in the community via our Outreach Service, so that people with learning disabilities are fully integrated in the life of their community and their church. We actively involve a large body of volunteers, training and developing them as part of their work.

## OUR PHILOSOPHY

We believe in supporting individuals with learning disabilities, their families and friends – to give them dignity, respect, choice and control in their lives. We affirm the value of each and every life and the person's right to inclusion and participation. We promote and support Gospel values.

## OUR AIMS

- ♥ Helping to educate society and to transform attitudes, enabling people with learning disabilities to achieve their full potential.
- ♥ Working in partnership with other Organisations and with people of all faiths or none, enhancing activities and services.
- ♥ Including children and adults of faith with learning disabilities into full participation in the life of the Church.
- ♥ Offering training and information to people throughout the Diocese, so that they may support people with learning disabilities.
